# Cut Cut your taxes

That doesn't have to be just a dream! If you're self-employed, a new law allows you the same type tax-saving benefits the big corporations have been enjoying for years.

If you want to really cut your taxes... not just dream about it... contact your Life Investors representative NOW!

## Don't be a crop-out.

### Join NFO.

NFO needs your crops. Because farmers who market their production through NFO collective bargaining help boost farm prices. Not just for themselves. But for all farmers.

So if your crops aren't going to market

through NFO, you're hurting yourself...and your neighbors.

Market your production through NFO. Don't be a crop-out. It's too expensive. For all us farmers.

### PROGRESSIVE FARMERS JOIN NFO

Farmsted Buildings

New LOW Price

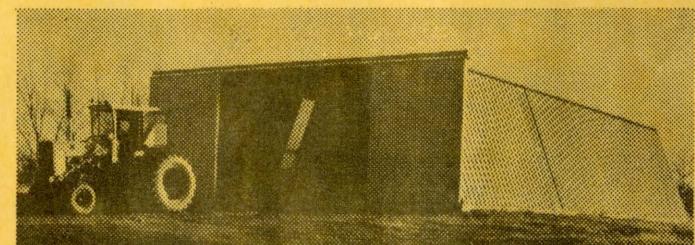

for ALL-STEEL Quality

Best Buy Around

Here's how the Kan-Sun reuses heat: Cold outside air (1) is drawn through hot dried grain (2). This cools the grain and pre-heats the air (3) before it reaches the heating chamber (4) where it's super-heated to begin the cycle again. This unique Kan-Sun principle substantially reduces cost per bushel, yet maintains highest drying rate and grain quality.

**KAN-SUN DRYERS**  
are  
Continuous Flow  
Fast  
Economical

### STOR-N-DRY® SYSTEM

- In dry years, lets you harvest two to four weeks earlier for less field loss, higher yields and more income.
- Gives low-cost, reliable protection against heavy discounts and spoilage losses in wet years.
- Lets you sell early harvested grain at pre-harvest prices — or seal and get your loan sooner.
- Saves work—harvest while ground is still dry, and firm. One grain handling—into the bin—and your work is done.

... Add a STIRATOR  
to your Butler System  
and cut drying time and cost  
IN HALF
